GENERAL INFORMATION ON HESI EXAM

The exam consists of:

Reading – Provides reading scenarios in order to measure reading comprehension, main ideas, words in context, passage comprehension, logical inferences, etc.

Mathematics – addition, subtraction, multiplication and division of whole numbers, fractions, decimals and percentages. It focuses on basic math skills and facts.

Chemistry – It is a basic understanding of both organic and inorganic chemistry. It includes the simplest substances, atoms and elements to more complex compounds existing in the three states of matter. Chemical bonding, molar relationships, stoichiometry, chemical reactions, and acids and bases are also included.

Anatomy and Physiology – It is basic anatomy and physiology including cells and tissues to organs and systems as well as the human body.

Vocabulary – Contains vocabulary terms that are used commonly in both general English speaking and in the health care fields.

Grammar – Contains basic grammar, including parts of speech, important terms and their uses in grammar, commonly occurring grammatical errors.

Biology – It covers the structure and reactions of cells and molecules. The concept of cellular respiration, photosynthesis, cellular reproduction and genetics are also included.

You will have four (4) hours to complete the exam. Once the timer has started, it cannot be paused for a break, if you need to go to the restroom, the timer continues to run.

If you are a current or previous Medical Terminology student at SCTI, please make sure you remember your user name and password, which will be used for the HESI exam. If you are not a current/previous student, you will register before you take the exam in the Test Center.

The test is taken on the computer. The computer tests do not allow an option for skipping questions and returning to them later. Do not second-guess yourself and trust your answers. **The HESI study guide is for sale in the SCTI bookstore and costs $36.33.**

You MUST bring a 9 x 12, self- addressed envelope with 4 First Class stamps on your exam date for your complete test results to be mailed to you. Make sure your envelope has the correct amount of stamps for mailing. If you are not successful, you may schedule to attempt the second version of the exam. You may only take the exam twice (2- times) within a calendar year. You will be required to take the complete exam over, not just the section(s) you passed on your first attempt.
